Brief Report of Online Workshop titled “Exposure and Field Visit for Problem Identification” organised by Institutions Innovation Cell, Vinayaka Mission’s Kirupananda Variyar Engineering College, Salem on 9th December 2020

The Institute Innovation Cell (IIC), Vinayaka Mission’s Kirupananda Variyar Engineering College Salem organised and hosted an online workshop titled “**Exposure and Field Visit for Problem Identification**” on **9th December 2020**. The online workshop using virtual online platform Microsoft Team commenced at 2.00 PM and 150 Participants registered for the event and attended the programme.

Prof. Dr. A. Nagappan, Principal - Vinayaka Mission’s Kirupananda Variyar Engineering College, Salem described about the event and described about the pre and post COVID-19 developments in industries and shared information about problem identification in Electrical power sector. He described and appreciated the initiatives and activities of Institutions Innovation Cell in our college.

Dr. P.Selvam, Professor and Head, Department of Electrical and Electronics Engineering, IIC Member gives the guest introduction about Er. A. Sivaraman, M. Tech., Assistant Executive Engineer, Tamilnadu Generation and Distribution Corporation Limited (TANGEDCO), Namakkal.

The resource person Er. A. Sivaraman, explained in detail about the Exposure and Field Visit for Problem Identification to the students and staff members which is the guideline for all the Higher Education Institutions in India are required to actively engage students and staff members in Exposure and Field Visit for Problem Identification related activities. The guidelines provide ways to Indian HEIs for focusing on improve our problem identification skills that make us a better technical solution provider and also, he explains about the identification of various practical and technical problems in electrical power sector like power generation, transmission and distribution. He provides technical solution in distribution sector by application of power factor improvement technique. Finally, he gives video presentation on electrical power generation, transmission, distribution, equipments and switchgears in substation for field visit.

The resource persons conveyed thanks to the Prof. Dr. A. Nagappan, Principal and Dr. C.Arunkumar Madhuvappan, President, IIC for giving him an opportunity for presenting information about Exposure and Field Visit for Problem Identification to all the students and staff members. Dr. R. Devarajan, Professor / Department of Electrical and Electronics Engineering, IIC Member delivered the vote of thanks and the event concluded at 4.00 PM.
